

Digital Marketing PSG

Pre-Approved Vendor

Being a "Digital Marketing PSG Pre-Approved Vendor" grants a company the opportunity to offer a range of digital marketing packages, including services such as Search Engine Optimization (SEO), Search Engine Marketing (SEM), and Social Media Marketing (SMM). These services are aimed at enhancing a company's revenue, brand visibility, and overall online presence.

The support level and conditions associated with this program are as follows:

Up to 50% Support for SMEs: Small and Medium-sized Enterprises (SMEs) can receive financial assistance of up to 50% when engaging the services of a Digital Marketing PSG Pre-Approved Vendor. This financial support is designed to make digital marketing more accessible and affordable for smaller businesses, enabling them to leverage these strategies to their advantage.

No Support for Non-SMEs: Non-SMEs, which typically refer to larger enterprises, may not receive financial support through this program. However, they can still benefit from the expertise and services provided by the Pre-Approved Vendor, but without the financial assistance.

Find out the best list of the PSG pre-approved vendor from the below list
